

By Bus

The nearest stop to the site is Wimbledon Theatre, which is on The Broadway almost directly outside. This stop is served by several bus routes including the 57 towards Clapham Park and Kingston, 93 towards North Cheam and Putney Bridge, 131 towards Tooting Broadway and Kingston, and 219 towards Clapham Junction.

Buses also depart from Wimbledon Station towards Vauxhall, Morden, Sutton, Mitcham and Raynes Park.

Please see the map overleaf to find your nearest bus routes and associated frequencies.

By Tube

Wimbledon is at the end of the branch of the District Line. Trains depart every 10 minutes towards Central London with journey time to London Victoria of around 25 minutes.

For further information on London Underground services and ticket fare information please visit www.tfl.gov.uk.

By Bike

There is Cycle Parking available for 45 Bikes at NHS Sutton and Merton HQ, plus locker and shower facilities.

The Trust operates a cycle to work scheme (called Cyclescheme). The scheme allows employees to buy a bicycle and safety equipment through a salary sacrifice arrangement. This means you can save up to 40% on the cost of a new bicycle and equipment. Further details of the scheme can be accessed through www.cyclescheme.co.uk/b587d.

There are various cycle routes running through Wimbledon Town Centre. Although the Broadway is not a recognised cycle route, the parallel South Park Road is signed for cyclists and Trinity Road and Montague Road are recommended cycling routes.

Information about cycling in London and a cycle journey planner can be found at www.tfl.gov.uk/cycles.

Please use the map overleaf to identify the best cycle route for your journey.

By Train

The nearest station is Wimbledon, located 5 minutes walk along The Broadway. Wimbledon Station provides excellent connections to a number of stations in South West London and Surrey. Trains depart for London Waterloo approximately every 5 minutes at peak times, with a journey time of 17 minutes. Other stations served by direct trains from Wimbledon include Clapham Junction (7 minutes), Kingston (12 minutes), Sutton (18 minutes) and Guildford (46 minutes).

Wimbledon Station is serviced by a taxi rank and has a 40 space car park. There are also 86 covered cycle parking spaces at the station.

For further information on train services and live timetable information please visit www.nationalrail.co.uk.

By Tram

Wimbledon Station is also served by the London Tramlink. The tram calls at all stations to West and East Croydon, then on to New Addington. The trams depart every 7 minutes at peak times.

For further information on Tram services and ticket fare information please visit www.tfl.gov.uk.

By Foot

The walking environment in Wimbledon is generally very pleasant. Generally roads are paved to a good standard with good quality footpaths. NHS Sutton and Merton is located in the town centre within a short walking distance of the station and main shopping centre.

Remember to stay safe while walking and travel in a group when appropriate.

The journey planner www.walkit.com can help identify walking routes between locations. It also includes an option to use routes away from busy roads.

By Car

Take a look at www.liftshare.com where you can register for FREE and add your journeys and find someone to car-share with.

Rent a Car by the Hour, Day, Week Or Month. Visit www.streetcar.co.uk to find out more.

There are a number of car club cars located within walking distance of the site. These are operated by City Car Club and Streetcar. Car club bays are located on Princes Road, Griffiths Road, Beulah Road, Queens Road, Avebury Road, Mansel Road and at the Quadrangle Apartments.

More information can be found at www.carclubs.org.uk.

Carbon Management Programme

NHS Sutton and Merton is continually striving to better understand and lessen its environmental impact. In July 2009 the Trust responded to the recommendations of the NHS Carbon Reduction Strategy 'Saving Carbon, Improving Health' by appointing Support Services Partnership South West London (SSP), to develop their Carbon Management Programme. This is driven through a Sustainable Development Management Plan, which details carbon strategy, policy and action plans for measuring and reducing emissions across ten activity areas including procurement, building design and travel. You can keep up-to-date with carbon issues affecting NHS Sutton and Merton through the electronic publication 'Carbon Matters'.

Travel and transport is a key area which accounts for 18% of the entire NHS Carbon Footprint, equivalent to 3.24 millions tonnes of CO₂. NHS Sutton and Merton have therefore set this as one of their priority areas for carbon measurement and reduction. Staff travel habits have been captured through a survey which will be repeated annually, with the results being used in carbon footprint calculations and to help inform Trust Travel Planning.

We are always interested to speak to staff, whatever their job role, to discuss carbon issues and are particularly interested in those who would like to become 'Carbon Champions' for their site. If you would like further information on this, or would like to discuss any issue related to carbon, please contact Neil Kimpton, Carbon Manager through the Support Services Helpdesk on **020 8687 4650**.

NHS Sutton and Merton, along with its partners have developed a Staff Travel Plan Group that meets on a quarterly basis. This group has responsibility for the Staff Travel Plan and develops initiatives and programmes that aim to support and encourage staff to travel in a sustainable way.

If there is anything that you feel this group could support you with, please contact Barry Causer on **020 8254 8213** or via barry.causer@smpct.nhs.uk
